

STREAMLINE POSTER PRODUCTION

WITH SCHOLARONE ABSTRACTS™ POSTER PRINTING SERVICE

WHAT IT DELIVERS:

- Centralized and uniform poster production for your authors
- Guaranteed delivery to the location of your choice
- Full integration with your current ScholarOne Abstract site

WHAT YOU CAN DO:

- Reduce administrative efforts spent on production and shipping logistics
- Provide your speakers with an easy-to-use resource for their meeting preparation
- Receive posters in a single shipment clearly identified, organized, and ready for display

Meetings are one of the most important forums for your members to exchange information and share emerging research and trends. They are also a key source of revenue for societies and associations. So why not let your presenters focus on their research and not their presentation materials? Now, ScholarOne Abstract users can offer their speakers a quick and easy solution for producing their poster presentations. We coordinate the formatting requirements, file collection, printing process, and deliver the posters any place you choose – your offices or your meeting site. And all at no cost to you.

FAST FILE AND PAYMENT COLLECTION

With ScholarOne's Poster Production service, the entire collection process is automated. When you accept an abstract for inclusion in your meeting from your current ScholarOne Abstracts site, our production team can easily import the related stubs into a Content Check-In site specifically designed for meetings poster production. Your presenters then simply click a link within an email that is generated from the system and upload their poster files. And using our e-Commerce capabilities, we bill the presenter directly – no billing or forms for you to manage.

PROFESSIONAL PRODUCTION

Once a poster is submitted, we automatically batch export the files to our printing partner with the presenter's information. They quickly produce professional looking posters, package them with the complete session information, and ship them to the location of your choice. Your meetings posters arrive at your office or on-site, complete with the program number, title, and author name – ready for your presenters to pick-up.

FLEXIBLE, WORRY-FREE DELIVERY

When your authors use ScholarOne's Poster Production service, we make sure their poster arrives on time and even provide them with instructions on where and when they can collect their materials before they arrive on-site. But our meeting support team understands that when coordinating multiple speakers, there is always the chance that a deadline will be missed or a last minute addition may be made. That's why our Poster Production service implemented a process to handle both late printing and shipment requests. If posters need to be shipped after the standard deadline, generally 1 week before the meeting, our printing partner can package all posters into one shipment and send them directly to the site for you to disseminate. We also offer a rush printing option if a presenter needs to have their poster printed or re-printed at the last minute.

"I WANTED TO LET YOU KNOW THAT THE POSTERS YOU PRINTED FOR ME FOR DDW WERE BEAUTIFULLY DONE. MUCH HIGHER QUALITY THAN THOSE I HAVE HAD PRINTED LOCALLY IN THE PAST, AND AT A BETTER PRICE, TOO. I HOPE YOUR COMPANY'S SERVICES WILL BE AVAILABLE AT SUBSEQUENT DDW'S!"

– Justin L. Sewell, MD, MPH

Clinical Fellow, Division of Gastroenterology University of California San Francisco

THOMSON REUTERS™

SCHOLARONE®

ScholarOne, a Thomson Reuters Business provides comprehensive workflow management systems for scholarly journals, books, and conferences. Its Web-based applications enable publishers to manage the submission, peer review, production, and publication processes more efficiently, increasing their profile among authors, decreasing time-to-market for critical scientific data, and lowering infrastructure costs. ScholarOne offers workflow solutions for the submission and review of manuscripts, abstracts, proceedings, books, grants & awards and production. Supporting over 365 societies and publishers, over 3,400 books and journals, and 13 million users, ScholarOne is the industry leader.
